Video Audition Content

Your video must include **two different sections**:

1) Introduction of yourself following these guidelines:

- Framing: Medium or close-up shot, from waist upwards
- Clearly state your full name, current city, country of birth, and (if different) current country of residence
- Your age and height
- Briefly describe your previous dance training, years of study, and techniques/styles
- If you already hold a university degree, specify which one and where it was obtained
- Please explain why you have chosen to apply for the MA Contemporary Dance Performance at Equilibrio Dinamico Ensemble and what motivates you to pursue and develop a career in dance
- Your personal goals
- Any other talents or interests

2) Improvisation Video

A **three-minute improvisation** that allows the panel to evaluate stage presence, technique, movement quality, musicality, and artistic identity.

During your improvisation, take the opportunity to play with the dynamics your body knows! This is **not** a set choreographic task — it is a simple studio recording where you show us your current abilities.

Show us your strengths!

IMPORTANT: Video Audition Dress Code / Clothing Requirements

Wear clothing that clearly allows us to observe your movement and physical readiness. Do **not** wear oversized garments.

Audition Outcome

Selected candidates will be informed of their result via email.

The panel may invite applicants for an online interview to discuss further details before formal confirmation.

All applicants have **30 days from receipt of the offer** to make their decision and then proceed with finalising their enrolment. This timeframe may vary during the admissions cycle, for example if offers are made later in the summer.

Admission Requirements

Upon successful audition, applicants must:

Meet the **ENGLISH LANGUAGE REQUIREMENT:**

- **English certification at B2 (CEFR) level or equivalent.**

Applicants who do not yet hold the certification may achieve it **during the Master**, provided that proof is submitted **no later than 1 March 2027**, as it is required for the final examination, thesis preparation, and awarding of the Master's degree.

This certification is at the student's own expense.

The Master provides access to highly qualified native English teachers — professionals with whom Equilibrio Dinamico has already collaborated.
